STATE PAVING WORK
WELL UNDER WAY

Salem, Ore.—Work is progressing
rapidly on the macadamizing job be-
ing done on the Columbia river high-
way between Svensen and Clatskanie
by the state highway commission, ac-
cording to C. H. Whitmore, assistant
state highway engineer, who returned
Saturday from inspecting the work.

By the first of July or August, Mr.
Whitmore declared, the highway be-
tween Portland and Astoria will be
in good condition.

The work being done on this part
of the highway by the highway com-
mission includes the two jobs taken
from the Warren Construction Com-
pany. Four road camps are working
and the jobs are about half done.

Because of the favorable weather,
L. O. Herrold, who has the contract
on a cost plus 10 per cent basis for
seven and a half miles of macadam-
izing from Clatskanie to Delena, is
rushing the work on that job.

Good progress is also being made
by A
